

The Road to Recognition: Healthcare Professionals

**MYRON
PROMOS**

From early spring through summer, healthcare organizations have meaningful opportunities to recognize the incredible professionals who keep patient care moving forward every day.

At **Myron Promos**, we help HR teams and group leaders celebrate **every role** that makes a difference — including doctors, nurses, lab professionals, social workers, volunteers, and the support staff.

2026 National Healthcare Events Calendar

Recognition That Builds Stronger Teams

Well-planned appreciation events do more than say "thank you." They help boost morale, reduce workplace stress and downtime, and create a stronger team atmosphere across departments.

Branded appreciation gifts and recognition items turn these moments into lasting memories that reinforce pride, teamwork, and loyalty.

A Trusted Partner for Over 75 Years

Myron Promos has proudly served organizations for over 75 years and is recognized as one of the originators of healthcare recognition products. Our trained representatives help ensure your programs are timely, consistent, and meaningful.
